How can I get more information?

Power and Water's Services Development administers the Connection Code and associated activities. This includes the asset creation design and construction process for the Corporation's water supply and sewerage infrastructure. The Connection Code and Infrastructure Design Approval Process are available on our internet at:

www.powerwater.com.au/business/for_business_and_developers/water_services_connection_code

Backflow and trade waste are managed by the Services Development's Trade Waste section. Information on backflow and trade waste is also available on our internet at:

www.powerwater.com.au/business/trade_waste
http://www.powerwater.com.au/business/backflow_prevention_strategy
