

Small-Scale Renewable Solar Hot Water Energy Application

When the eligible small-scale systems, solar water heaters have been installed, complete and sign the following application form. This form must be completed in full to meet the requirements of the Office of Renewable Energy Regulator. Please lodge with Power and Water (PWC).

Terms and Conditions

To be eligible for this scheme, small-scale systems are required to be certified against *Australian Standard AS2712:2007*.

Upon assignment of your right to create STCs to PWC, you are not entitled to create any further STCs in relation to that small-scale systems. The improper creation of STCs is an offence under the *Renewable Energy (Electricity) Act 2000 (Cth)*.

Submitting an application does not automatically qualify you for the scheme. Applicants must satisfy all eligibility requirements found on the website www.orer.gov.au before payment is made.

STCs must be applied for and assigned within 12 months of the installation date. The owner is responsible for ensuring that all information required is presented to PWC within a minimum of one month prior to expiry. Applications that are not submitted within this time will not be accepted.

STCs not assigned within the 12 month time limit will become null and void and cannot be claimed.

PWC will assign STCs annually as a one off 15 year period.

The price of STCs offered by PWC may fluctuate. PWC accepts no responsibility for loss arising from variances in the market price offered for STCs. To obtain the current STC price contact PWC on 1800 245 092.

Completed applications must include

- **BSB and bank account details for the electronic payment,**
- **your installation certificate,**
- **commercial customer must submit a tax invoice for the sale of your STCs.**

Section A
