

I-NTEM Market Operator Consultation Impact Statement Market Participant Registration Application

Summary

The Market Operator Market Participant Registration Application form has been prepared for Market Customers and Generators to register as a Market Participant in the Interim Northern Territory Electricity Market (I-NTEM).

Introduction

This Market Participant Registration Application is published in preparation for the commencement of the I-NTEM.

The application form is to be used by UC Licence holders and submitted to the Market Operator for participation in the I-NTEM, in accordance with the System Control Technical Code.

Consultation Process

This application form has been prepared by the Market Operator in accordance with clause A6.1(e) of the proposed revision to the System Control Technical Code, and consultation undertaken in accordance with clause A6.1(f) of that Code.

This application form is also published in accordance with the Market Operator's Consultation Procedure.

Consultation is to be held over eight business days, commencing Friday 10 April and ending 5pm Wednesday 22 April 2015. This is a special consultation period to align with the start of the I-NTEM. Submissions from I-NTEM stakeholders and interested parties are invited. Stakeholders are requested to provide comments on the document under consultation.

Impacts

The Market Operator will be required to adopt the process set out in the application when registering Market Participants in the I-NTEM. For Market Customers, this information is only required for interval meters.

Market Participants will be required to submit the application prior to operating in the I-NTEM.

Proposed Amendments

This is a new document.

Consultation Questions

Is the information contained in the Market Participant Registration Application suitable for use by the Market Operator and pending Market Participants for the commencement of the I-NTEM?

NOTE:

This document is under consultation:
Stakeholders, please send your submissions to:
market.operator@powerwater.com.au
Consultation closes 5pm Wednesday 22 April 2015.
