

Historical electricity consumption data request form

Power and Water can provide historical electricity interval meter data to those customers who have an interval meter installed. This form is to request historical consumption data from the Power and Water Corporation's network provider. Please email the completed form to frc@powerwater.com.au.

If you are a retailer or an agency operating on behalf of the customer, you are required to obtain and provide a verifiable consent from the customer before your request will be processed.

In accordance with the [Electricity Retail Supply Code](#), a data request is only valid if all information relating to the data request has been provided.

In accordance with the [Electricity Network Access Tariffs and Charges](#), a charge per meter applies to this service.

Customer name: _____

Retailer/agency name:

(if requesting on behalf of the customer) _____

Start date: _____ End date: _____

Types of reports required:

Interval data

- 15 minute data
- Hourly data
- 30 minute data
- Daily data

Time of Use (TOU) report

Period per report: Monthly data Yearly data

- Schedule 2 – off peak periods are defined as all days 6pm to 6am
- Schedule 4 – off peak periods are defined as weekdays 6pm to 6am and all weekend

Note: In accordance with Power and Water Corporation’s Alternative Control Service charges, a per-meter fee applies for data provisions per year for each of the different data frequency options set out above.

If data is requested for more than one meter at a site, please indicate whether data is to be reported:

- For each individual meter
- As a sum total of the meters

If you are an agency operating on behalf of the customer, an email from the customer to frc@powerwater.com.au is required as verifiable consent before meter data can be released.
