Audience(s):	Developers, consultants, proponents, project managers, designers, construction supervisors, constructor and customers		

Land and building development update

Our Water Services and Remote Services Development sections listed above will be **closed from 4.30pm Friday 20th December 2019 to 8am to Monday 6th January 2020.**

Please ensure all:

- handovers are booked by **Friday 6th December 2019** (infrastructure handovers will not be conducted during the closure period)
- drawings and clearance requests are received by **Friday 6th December 2019** for processing prior to the closure.

Making early arrangements for handovers and submissions will be appreciated and will better enable us to respond and assist you with your requests.

Power and Water wish you a happy Festive Season and a safe and prosperous New Year. We look forward to working with you in 2020.

For any emergency impacting on Power and Water assets, contact us on 1800 245 090.

For more information

The Service Development section of Power and Water administers the Connection Code and associated activities. This includes asset creation, design and construction process for the corporation's water supply and sewerage supply infrastructure. The Water Services Connection Code and Infrastructure Design Approval Process is available on our website at: https://www.powerwater.com.au/_data/assets/pdf_file/0016/23632/Water-supply-and-sewerage-connection-code-17-sept-2003.pdf

The Regions and Remote Operations, Indigenous Community Engineering Guidelines (ICEG) can be viewed at: <https://nt.gov.au/property/building-and-development/build-or-develop-on-aboriginal-land/indigenous-community-engineering-guidelines-iceg>
