FORM OF AGREEMENT

1 CONTRACT

1.1 Establishing the Contract

The Parties acknowledge and agree that the Principal issuing the Notice of Acceptance to the Contractor creates a binding contract between the Parties in relation to the undertaking of the Works on the terms and conditions of this Contract.

1.2 Appointment of the Contractor and Contract Model

A contract for one-off Works

- (a) Where Item 7 provides that this Contract is a *fixed term contract for one-off Works*, this clause 1.2(a) applies in addition to the other terms and conditions of this Contract (except clauses 1.2(b) and 1.2(c), which do not apply) and that:
- (i) on and from the Award Date, the Principal appoints the Contractor to undertake the Works under the Contract;
 - (ii) the Contractor must undertake the Works under the Contract:
 - A. within the timeframe(s) specified in this Contract;
 - B. for the Contract Price;
 - C. in accordance with the terms and conditions of this Contract; and
 - D. in accordance with any directions issued by the Principal's Representative in accordance with this Contract.

A standing offer contract – sole Contractor for multiple Works as required

- (b) Where Item 7 provides that this Contract is either a *standing offer contract – sole Contractor for multiple Works as required* or a *standing offer contract – multiple contractors for Works as required (panel arrangement)*, this clause 1.2(b) applies in addition to the other terms and conditions of this Contract (except clause 1.2(a), which does not apply, and clause 1.2(c), which does not apply where Item 7 provides that this Contract is a *standing offer contract – sole Contractor for multiple Works as required*) and that:
- (i) the Contractor irrevocably makes a standing offer to provide the Works to the Principal as and when required by the Principal during the Term;
 - (ii) the Principal may issue the Contractor with an Order for the Works required by the Principal from the Contractor;
 - (iii) prior to the issue of any Order, the Principal may provide the Contractor with a quotation request specifying the Works required by the Principal;
 - (iv) promptly, but in any event within 5 Business Days of the date of receipt of a quotation request, or such longer period as may be agreed by the Principal in writing, the Contractor must issue a written quotation to the Principal responding to the quotation request, which if accepted by the Principal (as evidenced in or

through the subsequent issue of an Order) constitutes the Contract Price for the required Works;

- (v) the Contractor must undertake the Works set out in each Order issued to the Contractor by the Principal in accordance with the terms of that Order and otherwise in accordance with the terms and conditions of this Contract (for the avoidance of doubt, each Order creates additional obligations on the Parties with respect to the Works set out in that Order under the terms and conditions of this Contract and the termination or expiry of this standing offer contract will not affect the obligation under any Order); and
- (vi) notwithstanding any other provision of this Contract, the Principal is not obliged to issue any Orders to the Contractor or to contract any minimum value of Works from the Contractor and has not made any representation or warranty to the Contractor that it will acquire any minimum value of Works from the Contractor.

A standing offer contract – multiple contractors for Works as required (panel arrangement)

- (c) Where Item 7 provides that this Contract is a *standing offer contract – multiple contractors for Works as required (panel arrangement)*, the following terms apply in addition to clause 1.2(b) and the other terms and conditions of this Contract (except clause 1.2(a), which does not apply):
 - (i) the Principal may from time to time issue orders or quotation requests to any one or more Contractor's on the panel in the Principal's sole discretion;
 - (ii) the Principal may suspend the Contractor's appointment to the panel of Contractor's at any time, for any reason and for any period by giving written Notice to the Contractor;
 - (iii) the Principal may add additional panel members to the panel at any time in the Principals sole discretion; and
 - (iv) the Contractor will not be entitled to any compensation from the Principal as a result of the operation of the panel arrangements, including the exercise by the Principal of any of the Principal's rights under this clause 1.2(c).

1.3 PWC Entities to benefit from Works

- (a) The Contractor acknowledges and agrees that the Principal may be entering this Contract, in whole or in part, for and on behalf of a PWC Entity.
- (b) Where the Principal is entering into this Contract in order to facilitate the provision of the Works, whether in whole or in part, for the benefit of a PWC Entity, the Contractor further acknowledges and agrees that:
 - (i) the Principal enters into this Contract as both a Principal in its own right and also as an agent for and on behalf of the PWC Entity in respect of the Works;
 - (ii) the Contractor's liability for any Claims arising under this Contract extend to the PWC Entity in the same manner as if that PWC Entity was the 'Principal' under this Contract;

-
- (iii) the Principal is entitled to pursue any Claim arising under this Contract, whether in its own right or for and on behalf of the PWC Entity (in which case the Principal holds the benefit of any Claims on trust for the PWC Entity); and
 - (iv) the Contractor's liability to the Principal under this Contract is not limited, reduced or compromised in any way by the fact that the basis of the Claim relates to a PWC Entity as distinct to the Principal.

1.4 Non-exclusive appointment

Nothing in this Contract prohibits the Principal from procuring works or services that are the same as or similar to the Works at any time from any other person.

1.5 Orders

Each Order will form part of this Contract with effect on and from the date the relevant Order is issued by the Principal. For clarity, Orders do not create contracts separate from this Contract. Except as required under an Order, the Contractor is not permitted to undertake any Works or entitled to any payment under this Contract.

1.6 Initial Term and Further Term

Where Item 7 provides that this Contract is either a *standing offer contract – sole Contractor for multiple Works as required* or a *standing offer contract – multiple contractors for Works as required (panel arrangement)*:

- (a) this Contract commences on the Award Date and ends on the expiry of the Initial Term unless extended or terminated earlier in accordance with this Contract; and
- (b) the Principal may extend this Contract for the Further Term on the terms and conditions then in effect (including pricing) by providing the Contractor with Notice in writing at least 30 days prior to the end of the Initial Term. The Further Term commences on and from the expiry of the Initial Term.

2.4 Conditions of Site Access

- (a) Once access to the Site is granted, the Contractor agrees to immediately commence carrying out the Works and to diligently and regularly continue to perform its obligations under this Contract.
- (b) Subject to any contrary express provision in this Contract or Special Condition appointing the Contractor as the principal contractor, the Contractor agrees:
 - (i) it will not have sole or exclusive possession of any part of the Site; and
 - (ii) its access to those parts of the Site reasonably necessary for the Contractor to comply with its obligations under this Contract may be:
 - A. limited for any period of time;
 - B. non-continuous; or
 - C. hindered by other works, including the work of Other Contractors,if reasonably required by the Principal.

2.5 Delay in gaining access to the Site

- (a) Any failure by the Principal to give access as required by clause 2.3 will not be a breach of this Contract but will entitle the Contractor to have the Contract Price increased by the extra costs reasonably incurred by the Contractor which arise directly out of the Principal's failure to give the Contractor access to the Site, such cost to be determined by the Principal's Representative.
- (b) To the extent permitted by any Law, the Contractor will not be entitled to make (nor will the Principal be liable for) any Claim arising out of or in connection with the Principal's failure to give the Contractor access to the Site other than under clause 2.5(a).
