ITEM	SIZE	TYPE	DESCRIPTION	STOCK CODE	A	B	C	WIDTH	DEPTH
1	50mm ²	Complete	Cast iron box, sleeve & impregnated jointing material	7765	480	90	875	210	180
2	185mm ²	"	"	7799	610	115	1045	225	200

NOTES

- CROSS CORES** - The straight through joints for use at 11kV allow colour jointing provided that the cables are pulled in, in the same direction. If cables have to be pulled in, in opposite directions however this will involve crossing of cores to obtain colour jointing and larger sizes of lead sleeves and protection boxes may be required.
- MATERIAL** - BOX - Cast iron
SLEEVE - Lead
JOINTING MATERIAL - Paper, impregnated.
